## MULTI-ACTIVITES - SUMMER CAMP FOR KIDS

Duration: 6

Difficulty:

Price from: 945 €

We offer a summer camp providing a gentle introduction to the mountains. The camp consists of 3 multi-activity days with overnight camping, followed by 3 days of hiking with nights spent in a mountain hut. To best meet the needs of the children, the group is led by two mountain professionals. The overnight stays in a mountain hut ensure a secure environment and suitable accommodation. The program emphasizes a graduated approach, combining physical activity with exploring the local heritage. The trip to see the dinosaur footprints provides an exciting opportunity for your children to fully appreciate the history of life on Earth.

Centered around various daily physical activities, these camps enable your children to meet new people, boost their self-confidence, and develop an awareness of environmental issues while exploring the mountains of the Mont Blanc Massif. The Kids summer camp is designed for kids who are enthusiastic about sports and curious to explore the mountain environment. It serves as a logical preparatory trip for the [Kids Tour du Mont Blanc](#).

### ITINERARY

#### Day 1

##### Canyoning & setting up camp

This morning, we make the descent of the local canyon. On the program: a fun course in the Barberine torrent with jumps, cascading rappels and natural slides. After a short transfer, we dedicate the afternoon to setting up camp in the heart of the campsite where we take the time to settle in comfortably. Night on campsite.

#### Day 2

##### Mountain safety

Hiking around Vallorcine focusing on mountain safety and survival skills. We discover the local medicinal plants used by our ancestors to treat wounds. We light a fire by friction alone, without using lighters or matches. Finally, we learn the basics for use in case of accident. We return to the campsite for the night.

*Vertical ascent: 1,300 feet - descent: 1,300 feet*

#### Day 3

##### Rafting & climbing

We return to Chamonix for a day full of excitement! The morning is about high-adrenaline excitement rafting down the Arve. While in the afternoon we go to the Gaillands rock climbing area for a fun discovery of rock and verticality. We return to the campsite for the night.

#### Day 4

##### Emosson Dam - Vieil Emosson mountain hut

We start our day by dismantling the camp before a short transfer takes us to the impressive Emosson Dam (6,440ft) in Switzerland. We learn the basics of hydroelectricity, the main source of renewable energy in France. Next we continue our journey to the Vieil Emosson mountain hut (7,155ft), where we spend the night.

*Vertical ascent: 700 feet*

#### Day 5

## Vieil Emosson mountain hut - La Loriaz mountain hut

Now we head off in search of dinosaurs! The Emosson site is rich in footprints left over 240 million years ago. An educational trail leads us to the point where we can actually see them. We then join the balcony path which leads us to the Loriaz refuge (6,627ft), and where we spend the night.

*Vertical ascent: 650 feet - descent: 1,300 feet*

## Day 6

### Refuge de Loriaz - Aiguilles Rouges Nature Reserve

A pleasant path crossing through rhododendrons and alpine pastures allows us to discover the fauna and flora of the site. At the end of the morning, we return to the Col des Montets, where we will visit the chalet of the nature reserve and its botanical trail. We return to the Chamonix Compagnie des Guides office around 4pm.

*Vertical ascent: 500 feet - descent: 2,600 feet*
