Duration: 4

Level: ▲▲▲▲▲

Price from: 435 €

This climbing course has been specially designed for teenagers aged 14 to 18, offering them a complete immersion in the vertical world of the Chamonix Valley. Each day, our program explores new climbing crags, whether cliffs or bouldering areas, ensuring a varied and stimulating experience. The primary goal of this course is to enhance technical skills, with a focus on fundamental aspects such as body positioning in space and foot placement.

Each day provides climbers with the opportunity not only to refine their skills but also to push their own limits, creating foundational memories. This course is intended for teenagers with a regular climbing practice, and registration is exclusively open for the four days. For more flexible registration options or for beginner sessions, please check our climbing lessons offerings in [Chamonix](#) or [Argentière](#).
