MOUNTAINEERING - AIGUILLE DU TOUR

Duration: 2 days

Level: ▲▲▲▲▲

Price from: 395 €

Of the peaks in the Massif du Mont Blanc the Aiguille du Tour is the most suitable for a first experience of mountaineering. Its ascent is always fun and provides a distillation of everything a trip into the mountains has to offer: a night in a mountain hut, breath-taking glacial landscapes, multi-coloured rock outcrops and magnificent panoramic views.

The ascent of the Aiguille du Tour is aimed at people wishing to discover the mountains with a night in a mountain hut. It also provides an opportunity to learn basic mountaineering techniques, such as crampon and ice axe use.

ITINERARY

Day 1 : Walk up to the Albert 1er hut

Start in the village of Le Tour (1450m). We use the ski lifts to take us up to near the Col de Balme (2100m). We take a comfortable path that starts with a traverse before following the moraine of the Tour glacier to the Albert 1er hut (2702m). The hut was renovated in 2014 and we hope you will appreciate the level of comfort and the views from the terrace at sunset.

Vertical ascent: 600m

Day 2 : Ascent of the Aiguille du Tour

We head out by the light of our headtorches. We quickly reach the Tour glacier where we put our crampons on. We climb up the glacier to the Col Supérieur du Tour (3289m), which gives access to Switzerland and the Trient glacier. Tracks now lead us to the foot of the Aiguille du Tour and we reach the summit (3542m) via some sections of easy rock climbing. We descend via the same route and return to the village of Le Tour by mid-afternoon.

Vertical ascent: 840m / Vertical descent: 1440m

This programme is meant as a guide only. Depending on the abilities of the group and the conditions in the mountains, your mountain guide may alter the route.

FURTHER INFORMATION

In this section, find all the information about this activity. For further information, please contact our advisor (contact details above).

Meeting point : Meet at 1pm at the Tour lift.

Ability level : An appropriate choice of peak is essential for you to properly enjoy your holiday. To get the most out of your trip we recommend you take regular exercise throughout the year and, where necessary, undertake specific training a few months before you leave. Try to avoid last minute training that can lead to injury. Do not overestimate your abilities and do be aware that the weight of your pack and higher altitudes reduce your usual strength and stamina.

Fitness level : For people who regularly exercise/take part in sports. Six to seven hours of exercise per day.

Technical level : No mountaineering experience necessary.

Guiding policy : 3 to 4 people. The Compagnie des Guides de Chamonix's guiding policy is one of the strictest in the mountain guiding business. It guarantees the most balanced groups as possible as well as high-quality personalised advice. *Minor, only accompanied by a parent.*

Accommodation : One half-board in hut (night, dinner & breakfast).

Documentation : Participants must have mountain sports insurance with repatriation cover. We strongly recommend that this also includes cancellation cover. You can take out insurance when you sign up. Participants must also take valid ID with them.

Preparing for the trip : One week before the trip, the mountain guide will be in contact to answer any questions you may have.

EQUIPMENT

We recommend you take particular care over your choice of equipment, as it plays a large role in the success of your trip. Weight is critical, and you must always evaluate the weight-to-comfort ratio to find the best compromise.

Weather conditions can be extremely variable: from 20°C on the approach route to the hut, to -15°C on the summit (like a cold winter's day in a ski resort).

Generally speaking, it is better to put on several thin layers than to have one bulky item of warm clothing, and it is vital that you remain dry at all times.
